## Pattern Notes

*Leave the beginning and ending tails of the flowers and leaves long; this will help to sew them down.*

*Ch-3 at beginning of round counts as dc.*

*Rounds 3-5 are worked on the surface of fabric created in Rounds 1 & 2*

## Flower (make 2)

**Round 1:** With color A ch 4, 11 dc in 4<sup>th</sup> ch from hook. Join with sl st to top of first dc. (12dc).

**Round 2: Petals;** \*Ch 4, fdc in 4<sup>th</sup> ch from hook, fdc in first fdc, 6 dc in base of last fdc, rotate to work on bottom of stitches just made, dc in next fdc, dc in base of ch, sk 1 st from ch on Round 1, sl st in next st; rep from \*5 times; do not join to first st of rnd. (6 petals)

**Round 3: Petal texture;** Ch 1, \*working on top of petal around stitches below, following the stitches of the petal, sc around post of each fdc and dc, sc in same stitch as sl st (working over sl st); rep from \* around each petal, do not join to first st of rnd.

**Round 4: Center texture;** Working on top of Round 1 around stitches below, sc around post of each dc, do not join. (12sc)

**Round 5: Coin placement;** Working on Round 4, \*sl st in next 2 sts, sk next st, rep from\* twice, insert dime so that Round 5 is over coin, continue working over coin, \*sl st in next 2 sts, sk next st; rep from \*one more time, join. Finish off. Pull finished tail through to back of work.

## Leaves

### With Color B

\*Ch 12, sl st in 2<sup>nd</sup> ch from hook, sc in next ch, esc in next ch, ehdc in next ch, dc in next 2 ch, edc in next 2 ch, ltr in next 2 ch, eltr in last ch; rep from \* 2 more times, join with sl st to beg ch. Finish off.

### Joining

Collapse circle in center of leaf set by folding together to create a straight seam. Use one tail of leaves' end to gently weave through stitches to secure.

Attach one flower to each end of seam. Attach leaves and flowers to snap clip To ensure that it is balanced, tie one flower at each end of the clip and tie the leaves in the center. Tie flowers together with tails, ensuring that the leaves are in the front of the work (this will help to keep everything as a unified piece). Once everything is secure, weave in ends.
